PATENT MEDICINES.

MEDICATED INHALATION.
A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. (See certificates in hands of Agents.)

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who preserve in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 17th August, 1853.

To PROFESSOR HOLLOWAY,

Sir,—A Mr. JOSEPH PUXTON, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 23d, 1853. (Signed) J. GAMIS.

NOTICE TO BUSINESS MEN.

The circulation of the Daily Sentinel is by far the LARGEST of any daily paper published in the State; and presents greater advantages to Merchants, Mechanics and Artisans, as a medium of Advertising.

The Weekly Sentinel has now a circulation of over two thousand copies, which is constantly and rapidly increasing. Advertisements put in the Weekly at the same rates as in the Daily.

The Wisconsin Press on Land Grabs.

The Janesville *Free Press* calls attention to the following significant fact, as illustrative of the overwhelming public sentiment in this State, *adverse* to the policy of squandering the Public Lands upon Private Corporations and greedy monopolists:

> The vote by which the land grant to the *Valley Road* in this State has been laid on the table, has been the subject of a good deal of comment in the newspapers, and *it is almost universally applauded*. Among all our exchanges we know of but *four papers* that condemn the vote by which the bill granting two millions of acres of public land to the R. R. V. U. R. R. Co., was laid on the table. These are the Fond du Lac Union, the Madison Argus and Democrat, the Janesville Gazette, and Standard.

The Land Pirates sturdily insist that all the opposition to their Plundering Schemes comes from Milwaukee and is prompted by local jealousy. The fact above stated demolishes *that* fabrication. So far from being *local*, the opposition to the Land Grabbing policy and party is well-nigh *universal* among the Press and People of our State. We have, within the past two or three weeks, quoted from some 20 different papers, published in all sections of the State and all, without distinction of party, rejoicing at the defeat of the Valley Grab and protesting against any such forays upon the Public Domain. The People, in a word, are utterly and heartily opposed to giving away to the few the property which belongs to the many, and thus enriching Wall Street Brokers, British Capitalists, and Speculating Land-Sharks, at the expense of the public treasury, to the waste and injury of the Public Lands, and at the sacrifice of the best interests of the State. If our Senators and Representatives in Congress are true to their trusts, and faithful exponents of the People, they will set their faces *as flints* against all Land Grabs for Rail-Road Corporations.

The Late Legislature.—One universal cry of indignation against the late "Democratic" Legislature and its compeer and colleague, the present "Democratic" administration, comes up from all parts of the state. The extravagance the iniquity, the recklessness and the corruption which marked and disgraced the Session just closed, surpassed all precedent, as we hope they will find no parallel in the history of our state. Among many other similar compliments from the press, we copy the following from the Waukesha *Democrat*, being the concluding portion of the editor's report of his visit to Madison:

> We left satisfied with what we saw and heard that but little good, and much mischief, has been done the people of this State during the present winter, and that before the year 1854 expires there will be seen and felt the effects *of more corruption and villainy than the annals of any other State in the Union can exhibit.* We do not mean by this that a majority of the members are dishonest, but we do mean to say that such measures have been used and influences brough to bear that a portion of the honest majority have been induced, under various pretexts, to co-operate with a corrupt minority, and to become the unwary instruments of a more corrupt lobby—and thus led on to commit acts *disgraceful to themselves and monstrously pernicious to the best interests of the people of this State.*

This is no "Whig invention," but the testimony of a democratic witness. Let the People read, remember and *profit* by the lesson.

The Nebraska Bill South.—The indications that the South is becoming dissatisfied with the Nebraska hobby of the Administration are thickening. A late Louisville *Journal* says—"*The public sentiment of the South is manifestly undergoing a rapid change regarding the Nebraska bill,* it is not improbable that, long before it shall be brought to a vote in the House, the entire South will condemn it in tones only less loud and indignant than those now going up from the entire North."

The Missing Mortgage.—The Madison *Democrat* learns from Mr. Orton, that the mortgage referred to in the report of the Canal Land Investigating Committee, as having been handed over to Mr. Coon, and not returned, has been heard from. The mortgagor states that the amount was paid into the State treasury, and the mortgage cancelled in 1851, so that it was never in Mr. Coon's hands.

☞ The Legislature of Tenessee passed, at last session, a law to regulate the emancipation of slaves. It provides for the transportation to the western coast of Africa of all slaves heretofore or hereafter liberated, and all free persons of color who fail to give bond for good behaviour.

New York and Genoa Line.

It is stated that the first steamer of the line between New York and Genoa, *via* Naples and Palermo, was to sail on the 22nd of March from Genoa. Two vessels commence the line.

Capital Punishment.—The Grant Co. *Herald* remarks as follows upon the subject of our criminal laws, and the action, or inaction, of our late Legislature in regard to them:

> They are making feeble efforts in the Legislature to patch up the miserable fragments of our criminal laws for capital offences—in order that mob violence may be dispensed with. We fear they have already relaxed the screws too far, and placed the true remedy beyond hope. The gallows is dreaded by too many men of influence, who make its restoration a personal matter with themselves.

Sabbath Convention.—The following call is published, numerously signed, in the Chicago papers:

> The undersigned, feeling the importance of the observance of the Sabbath, would unite in calling a general Sabbath Convention, agreeably to the recommendation of the Peoria Sabbath Convention, to meet in the City of Chicago on Wednesday the 17th day of May, 1854.

☞ It is rumored that Gov. Barstow is about to leave for Washington on a political mission "backed by the whole force of the State Administration."—*Morning News.*

It is also rumored that the special mission of "Barstow and the Balance" at Washington, is to *lobby* for Land Grabs, for the benefit of Corporations in general and their own pet project, for the Rail Road from Watertown, *via* Montello and Steven's Point, to Lake Superior, in particular.

Erratum. Our types, yesterday, made us announce an adjourned meeting of the "Wisconsin State Temperance Society" at Lake Mills on the 20th and 21st of this month. It is the Woman's State Temperance Society which is to meet at that time and place.

Kidnappers About.—We find the following in the *Free Democrat* of last evening:

Kidnappers after a Woman.

By special Express, we learn that measure were taken at Kenosha, last night, to kidnap a woman, about 23 or 24 years old, nearly white and beautiful, who has been residing for some time in this city. They swore—Uncle Sam's Man-hunters do swear sometimes—that they would have her, *dead or alive.* One of the agents of the Underground Rail Road Company, started for Racine forthwith, when an expedition was fitted out, armed and equipped as the law directs, for this city.

The woman was this morning put on the Express train for Canada, and when the kidnappers arrive here, by boat, this afternoon, they will be balked of their prey.

The Land Grant Memorial.

We find in the Janesville *Free Press* a copy of the Memorial adopted by our late Legislature, on the subject of Land Grants, and publish it for the information of our readers:

Memorial of the Legislature of the State of Wisconsin, to the Congress of the United States in relation to the "Homestead Bill," and praying a grant of the public lands to aid in the construction of Railroads.

The Legislature of the State of Wisconsin, respectfully represents—

That they have observed with interest the progress and final passage through the House of Representatives, of the bill known throughout the Nation as the "Homestead Bill," and will hail its adoption as the true national policy for the disposition of the public lands, believing it to be the duty of every government, so to legislate, as to secure alike to every citizen, as far as practicable, a Homestead for himself and family, thereby equalizing wealth and giving labor its just reward.

Your memorialists fully appreciate the importance to every State and community, that highways for travel and transportation be constructed where nature has not provided them, so that frequent and easy intercourse may be had among the people; that agriculture, commerce and the arts may be rapidly advanced; that our vast forests of pine, immense plains of prairie, and inexhaustible mines, may be approached and made to yield, by man's labor, to his wants; that the vast numbers of our citizens who are now compelled to surrender their labor to capital for a mere subsistance, may speedily find a home on the great domain of our nation. Therefore, pray that sufficient of the public lands may be donated to this State to aid in the construction of Railways therein, so that the whole State may be thereby benefitted, and the public domain speedily settled, PROVIDED ALWAYS THAT SUCH DONATION SHALL BE UNDER THE CONTROL OF THE STATE WITH FULL POWER TO DIRECT THE PRICE AND MANNER OF SELLING THE LANDS SO DONATED.

Your memorialists entertain the opinion that the great benefit to be thence derived by the speedy construction of the great highways through the vast regions of the public domain to be traversed by them; that the whole State will therefore be greatly benefitted in its present condition and future developement; and that the value of the remaining government lands will be materially increased, and their sale more rapidly effected; PROVIDED, THAT ANY LANDS SO GRANTED SHALL BE CONSTANTLY OPEN TO ENTRY BY ACTUAL SETTLERS, AT A RATE NOT EXCEEDING ONE DOLLAR AND TWENTY-FIVE CENTS PER ACRE, AND IN QUANTITIES NOT EXCEEDING ONE HUNDRED AND SIXTY ACRES TO ANY SINGLE INDIVIDUAL.

FREDERICK W. HORN,
Speaker of the Assembly.
Benjamin Allen,
President pro tem of the Senate.
Approved, March 20th, 1854.
WILLIAM A. BARSTOW.

As the Janesville *Free Press* well remarks, this Memorial in its present shape is a specific and significant "endorsement of Gov. Farwell's letter to Congress and his whole course of opposition to the Land Bill recently tabled in the Honse of Representatives. It pleads for free homesteads—scouts land monopolies—recognizes no privileged Companies or route to be benefitted by a bold figure for land limitations."

It is, moreover, an emphatic repudiation of the exclusive claim set up by the swindling Rock River Valley R. R. Company to the Land Grants for this State and a *virtual approval* of the action of the Honse of Representatives in *rejecting* the Land Grab bill. Lastly, it is the *unanimous* protest of our State against granting any lands directly to Rail Road Corporations, or making, indeed, any grants *except upon the terms and conditions* set forth in the Memorial. Unless the grants conform to these conditions, our Senators and Representatives in Congress are requested and instructed to *oppose* them. We are quite sure that our Senators will do so, and will answer for one, at least, of our Representatives.

Dr. Jewett coming to Wisconsin--Who wants to hear Him!

This tried and eloquent advocate of Temperance, is about to make a tour through Northern Illinois, Wisconsin and Iowa. He is willing to serve the cause during his travel for a compensation hardly sufficient to pay expenses. Any communication addressed to him care of Rev. J. C. Holbrook, Chicago, or Rev. W. A. Niles, Watertown, will receive proper attention.

☞ Papers friendly please copy. ⁂

A letter from Dr. Jewett to Rev. Mr. Niles, of Watertown, says that he comes "to settle the question in respect to a location for himself and family," and "more than 50 New England families will camp around the spot where he decides to locate, in less than 2 years." He intends to obtain such a knowledge of the Western States as will enable him to lecture among the New England people as to their resources and attractions.

Buffalo & Brantford R. R.—This new road, extending from Paris on the Great Western (Canada) Road to Fort Erie, opposite Buffalo, is now open for travel. Its length is 81 miles, and it is said to be complete in all its appointments. The first 60 miles from the lake is nearly a dead level.

For the Sentinel.

The Nebraska Bill.

Gentlemen:—

As the Sentinel has taken a high and manly position against the consummation of this great national wickedness, I hope you will be able to find room in its columns for the following extract from the speech of Pres. Wayland, D. D. It was delivered before a large assembly in Providence R. I. on the 7th of March. It should be thoroughly pondered by every *Christian* in the country, and especially by all those who may be wavering on an issue of such immense magnitude and importance.

This profound and eloquent author of the elements of moral science represented the bill as, on the face of it, "placing Slavery and Freedom on equal terms, and, in effect, proclaiming that freedom and oppression are looked upon with equal favor by the people of the U. States." This is true. The fact, that it leaves it to the future inhabitants of that Territory to say whether Free or Slave Institutions shall cover that immense region, is virtually proclaiming to the world, that the *Federal Government* has no choice between the extension of Freedom or Slavery over this Continent.—What a position for the world's model Republic to take under the eye of Heaven and before all the nations of the earth! But to the extract.—After having spoken against the measure in the character of an American citizen, and a citizen of the free States, he concludes as follows:

> Lastly, I protest against the passage of this Bill as a Christian.
>
> It is my firm belief, Mr. President—the belief, on which I rest my hope of salvation—that the Son of God assumed our nature and died for our sins, that we might escape the condemnation, deserved by our transgressions. I believe that he died for the redemption of our whole race; for the ignorant and down trodden African, as much as for his haughty Anglo Saxon oppressor.—While on earth he chose the lot of a poor man, and of an oppressed man; thus shewing us that it was this class which shared his deeper sympathies. He came "to preach the gospel to the poor—to proclaim liberty to the captive, and the opening of the prison doors to them that are bound." He himself died by the hand of oppression; and he has taught us that the poor and the oppressed are his representatives always remaining, and that we must manifest our love to him by charity to these. "Inasmuch as ye have done it to one of the *least* of these, ye have done it to me." "Take heed," said he, "that ye offend not one of these little ones." Taking Christ, then, for my example, and striving to imbibe his spirit, can I do otherwise than take to my bosom every oppressed and down trodden child of humanity? Jesus Christ, my master, is not ashamed to call them brethern; and can I have any partnership in an attempt to trample them under foot? The Union itself becomes to me an accursed thing, if I must first steep it in tears and blood of those for whom Christ died.
>
> But more than this: Hundreds of thousands of these black and red men, whose dearest rights are sacrificed by this bill, are, in the strictest sense, our christian brethren. Some are Episcopalians, some Presbyterians, but by far the largest part are Baptists and Methodists. They sit down with us at the same table of the Lord; they are, equally with us, members of his body; they share with us the same gift of his Holy Spirit, and hope with us to be ever with the Lord. And can christian men join hands with the oppressors of their brethren? Can we allow it to be declared in our name, as American christians, that throughout this vast region our christian brethren shall be delivered over to brute violence, and that it shall be made a crime to teach them to read the word of their Saviour and ours? Can we do this and hope to be forgiven?
>
> And here let me appeal to chistians at the South. I have conversed with many of them on this subject; they have confessed Slavery to be wrong, and they have mourned over its blighting influence on religion and morals. They have told me, and I believe them, that it is their daily prayer that this curse may be removed, that they would cheerfully make any sacrifice for its removal, but that, at present, they see no way of escape from it. But could my voice reach them, I would say, brethren, can you, as disciples of Christ, aid in extending and perpetuating what you know to be wrong? Can you pray God to remove Slavery from our country, while you are seeking to fasten it upon the country forever?
>
> Once more, could I hope that my words could reach the ear of the President of the United States, with the respect due to the Chief Magistrate of my country, I would address him somewhat in this wise: "It has pleased Divine Providence, Sir, to place you in the most responsible situation now held by any man on eath. It rests with you to decide whether this vast territory, comprising, it may be, twenty independent States, shall become the abode of happy freemen or of down-trodden slaves; whether man shall be recognized as a being formed in the image of God, or degraded to a chattel, he shall be sold in the shambles, like the beasts that perish; whether in the conflict between freedom and despotism for which the civilized world is preparing, the mighty influence of this great Republic shall be thrown in favor of the oppressor, or the oppressed. You have the right to arrest this measure as a grave departure from the principles of the Constitution and a violation of solemnly pledged national faith. Let me then entreat you to look beyond the mists of passion that surround you, and gaze for a moment on that eternal justice which is the habitation of the throne of the Most High.—Decide this question in such a manner as will be most pleasing to that Great Being, the elements of whose character are spotless holiness and infinite love. Can you as a patriot array your country in opposition to every attribute of the eternal God. Remember also that your life will have a page in this world's history. An impartial posterity will judge you by your actions, and will assign you a place with good men or with bad, with the benefactors or the enemies of your race. And more than all, you must soon appear before a tribunal where you can claim no precedence whatever over the meanest slave that the sun shines upon. The millions whose moral character has been affected for weal or for woe by your act, will meet you there face to face in presence of the universe of God. It is my earnest prayer that you may, by divine grace, be enabled to decide this question in view of these solemn realities, so that, at any day, you may review this transaction with joy and not with grief, and that the plaudit may await you, 'Well done good and faithful servant, enter thou into the joy of thy Lord.'"
>
> Fellow citizens—I rejoice that this meeting has been held. Come what will, it will ever be to us an unspeakable satisfaction that to the utmost of our power, we have washed our hands of this iniquity. Let us cease not to beseech the God of our fathers, to defeat the counsels of misguided men, and, if the worst shall come, that he will grant to the free States the wisdom, temper, patriotism and union, which may be needed in this grave emergency.

For the Daily Sentinel

Palmyra vs. Nebraska.

Resolved, That the efforts of Senator Douglas, and others, to procure the passage of a law by which the cause of Slavery may be extended over a tract of country, which, by Ordinance of 1787, and the Compromise of 1820, was declared forever sacred to Freedom, is highly censurable, and a direct effort to subvert the best interests of the whole Union, in opposition to the well-known wishes of all lovers of Freedom, derogatory to our Nation as a Nation, and a direct and open violation of the most solemn Compact.

Resolved, That should the iniquitous and nefarious scheme set on foot to extend Slavery into the Territory of Nebraska eventually become a Law, we, as lovers of humanity, and possessing the same feelings that tried men's souls in the days of '76, will consider ourselves wholly discharged and absolved from all obligations imposed upon us by any of that series of Acts known as the Compromise Acts and Measures.

Resolved, That we will faithfully adhere to the Ordinance of 1787, the Missouri Compromise and the Compromise Measures of 1850, as long as the South adheres to the same; but when the South shall, by its vote or influence, cause either of the Compromise Measures to be disregarded, annulled, or repealed, then in that case, we shall consider ourselves wholly absolved from all obligations resting upon us by virtue of said Compromise Measures.

The above Resolutions were unanimously adopted at the Town Meeting held in Palmyra, Wisconsin, on the 4th day of April, 1854, and publication requested.

DANIEL McLAUGHLIN, Town Clerk.
April 5, 1854.

Janesville Election.—J. B. Doe, dem. is elected Mayor of Janesville by 425 votes to 325 for J. Mitchell, ind. Independent candidates for Clerk, Marshal, and Treasurer are elected over the regular candidates.

Fond du Lac Election.—The People's Ticket headed by Mr. McWilliams, is elected entire in Fond du Lac.

Lake Winnebago Open.—The ice has left Lake Winnebago, and the Oshkosh *Courier* informs us that the steamer *Peytona* is running between Fond du Lac and that place.

Another Fire.—Friday night last, Miller & Petit's Steam Mill, located about a mile south of this village was destroyed by fire, though the dock, a portion of the lumber and some parts of the machinery were saved. The loss is about $5,000, on which there was no insurance.—*Port Huron Commercial March 30th,*

AN ACT to amend the several laws of this State relating to the sale of lands for taxes and the manner of perfecting tax titles.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. Section ten of an act, entitled "an act to amend chapter fifteen of the revised statutes," approved March 31, 1853, entitled "of the assessments and collection of taxes," is hereby repealed; and the sections of the revised statutes, and parts thereof, and all acts and parts of acts repealed by said section ten, are hereby revived, re-enacted and declared to be in full force and effect, and the provisions of the said act, approved March 31, 1853, not repealed by this act, are hereby also declared to be in full force and a cumulative remedy in perfecting the title to lands sold for the non-payment of taxes, and the holder or holders of any certificate of sale of lands sold for the non-payment of any tax or taxes, may at their option foreclose the tax lien created under any such sale, by bill in chancery, as provided by the said act, approved March 31, 1853; or the holder or holders of any such certificate of sale, after the three years for the redemption thereof shall have expired, may perfect the title to the land described in such certificate and sold for the non-payment of taxes and unredeemed, by filing the same with the officer authorized by law to execute deeds of land sold for the non-payment of taxes, who is hereby required to execute, acknowledge, and deliver such deed as provided by law, and when recorded in the office of the Register of Deeds of the proper county, shall vest in the grantee therein, all right, title, interest, and estate of the former owner or owners in fee in and to the lands so conveyed, and also all the right, title, interest, and claim of the State and county thereto; and the same shall be received as evidence with, and have in all other respects, the force and effect in all courts, as is or may be given by law to such Deeds executed in pursuance thereof; nor shall the title conveyed by any deed of lands sold for the non-payment of any tax or taxes to the grantee therein, his heirs or assigns, be invalidated, or in any way affected or avoided by any error previously made in assessing, listing, taxing, selling or conveying said land, or in any other proceeding previous to the execution and delivery of such deed.

Sec. 2. Section five of an act, entitled "an act for the quieting of tax titles," approved April 19, 1852, is hereby repealed, and all other provisions of the said act, approved April 19, 1852, are hereby declared to be in full force and effect.

Sec. 3. All deeds of lands sold for the non-payment of taxes hereafter executed, shall be executed by the proper officer authorized by law to execute the same, in the name of the State of Wisconsin and of the proper county or city or incorporated town or village as the grantors therein, and shall be substantially in the following or other equivalent form: (Provided, the provisions of this section shall not apply to the foreclosure of tax certificates and liens in chancery, in which cases the court shall prescribe the manner and form of the deed to be made by the officer making the sale,) to wit:

Stage on Western Plank Road.—We understand it to be the intention of the Stage proprietors to put a stage upon the road going west *via* Columbus to Portage City. We are glad to hear it, as their is a large amount of travel, from Milwaukee to Portage City, which now goes by the way of Madison, whereas by Watertown is the nearest rout. As our Railroad progresses, the extra travel in this direction will amply repay the stage company for making our city a point of divergence for their coaches to the north, northwest and west parts of the State.—*Watertown Register.*

Profits of Mining.—Mineral now commands $40 per thousand. This, we believe, is the highest price ever yet paid in the mines, being nearly double the amount which it brought five years ago, and a third or fourth more than it was worth ten or twelve years ago. it has reached its *maximum* in our opinion, and those having mineral to sell need not hold on to it any longer, thinking to get a better price.—*Potosi Repub.*

☞ The following advertisement appears in the Grand River *Record*:

"Information wanted! Of Stephen A. Douglas, late resident of Chicago, Ill., who left his home for Washington City in November. When last heard from, he was in that city trying to pass a *bad bill.* If any of the officers of that city can give any information as to his whereabouts, and will leave the intelligence at the office of the *National Era*, it will be a great relief to his afflicted friends, who greatly fear *he has done away with himself.*"

☞ A correspondent of the New York Evening *Mirror*, writing from Havana, under date of March 24th, relates the following incident, which will interest the many friends of Col: C—— in our city:

> Colonel——, an Ex-Mayor of Milwaukee, has been in Havana. He stopped at this hotel several days, and left in the Isabel for Charleston.—He spoke in high terms of you, and I did not take the trouble to undeceive him. We had quite an adventure together; nothing more nor less than entering the Cabanos without a permit, which, in these squally times, was considered quite a feat. You remember that *your* brass and *my* good looks, took a large party through the castle in the same way last year. Our party started for the Moro, but being repulsed there, most of them returned; some of us, however, not wishing the excursion to prove a total failure, concluded to enter the Cabanos if possible. Colonel ——, and myself were ordered ahead. We entered over the drawbridge through the northern gate. The sentinels, supposing we had permits, which we intended to present to the proper officer, did not molest us, and thus we passed on, bowing most respectfully to the officer, and with so much coolness and nonchalance, that they supposed we had the most perfect right there. One might see every fort in the United States, and still have no idea of strong fortification till they had inspected the Cabanos. It covers 29 acres of ground, and its cost was one hundred and fifty millions of dollars. Some of our party mounted the ramparts—from 80 to 90 feet perpendicular height, by narrow stone steps, without railings, but my giddy head would not permit me to attempt such a feat. Here, as in Havana, sights the most charming and the most revolting are in close proximity. We saw State prisoners pining in their dreary cells, and smiling sadly on us as we passed, and met on every hand insubordinate negroes chained into submission.
>
> From the ramparts the view of Havana, with its bright colored houses, palaces, and ancient Cathedrals, is one of the most pitoresque and charming that can be imagined. The green hills, dotted here and there with the kingly palm, form the back ground to a most enchanting picture.—We felt some little uneasiness as we approached the residence of the Commandante, situated in the interior of the fortification. But the old gentleman must have been taking his siesta, as he did not make his appearance. Some of the officers on guard looked sternly upon us, but a most gracious bow from myself and the smiling Colonel, relaxed the rigidity of their features. We remained until the soldiers took their evening meal; and such a meal! Why, my dog Sancho would go hungry a week before he could be induced to partake of such food. It consisted of Spanish peas, garlic, oil, &c., mixed up and poured into little tin basins upon the ground. At a given signal the soldiers jumped for their rations with the avidity of hungry bears. We descended the inclined plane on the south side of the castle, just at the close of a brilliant sunset. It seemed to me a panorama ominous of the future history of Cuba; dark clouds and deep bright red were strangely intermingled, reminding me of a future, which I fear must be written in blood and tears.

The Latest from Washington.

The Black Warrior Affair—The Gadsden Treaty—The Cutting and Breckenbridge Difficulty, &c.

Washington, April 1, 1854.

We understand that government has received despatches from Havana which are calculated to embarrass and complicate the settlement of our Cuban troubles. British emissaries are suspected of having instigated the Black Warrior affair, under cover of the British and French protectorate.

The Gadsden treaty is getting very weak in the back. There is a prospect, indeed, that it will be rejected, notwithstanding the blowing of the lobby.

It is understood that the late pending duel hung fire on the challenge. Mr. Cutting's first note to Mr. Breckenbridge, demanding a retraction, involved also a challenge. Breckenbridge declined to retract, but, overlooking the challenge, did not signify his acceptance. In the controversy which followed, Cutting claimed the right of the challenged party, and named pistols as his weapons.—Breckenbridge insisting that his right was not superceded, selected the rifle. This was the great difficulty; but at length mutual retractions were secured and peace restored.—The friends of Breckenbridge have placed the correspondence at the discretion of the other side, and we presume it will be published.—Rumor says Breckenbridge has the advantage in the settlement; but this cannot be, for it would reflect dishonor upon the other party in thus overreaching his adversary by diplomacy. Let the correspondence be published.

Since writing the above we learn that Mr. Breckenbridge has authorized the publication of the terms on which the difficulty was settled, and they will soon appear.

Waukesha Supervisors.—The *Chronotype* gives the following list of Supervisors elected in Waukesha Co., as far as heard from:

Brookfield—Ira Rowe.
Delafield—L. B. Seymour.
Eagle—Harvin H. Boyce.
Genessee—Thomas Snyden.
Lisbon—
Muskego—James D. Reymert.
Menomonee—William R. Hesk.
Mukwonago—Andrew E. Elmore.
Merton—Hosea Prentice.
New Berlin—John Evans.
Oconomowoc—
Ottawa—
Pewaukee—William C. Gates.
Summit—Denison Worthington.
Vernon—Finley McNaughton.
Waukesha—Horatio N. Davis.

The Charter Election—has passed and the result shows a glorious victory of principles over party. All the candidates of the Anti-Nebraska caucus, with the exception of two were elected—the Mayor and the Assessor Mr. McDonald, personally a very good man, has few or no enemies. He came out in the Anti-Nebraska meeting and pledged himself in opposition to the design and objects of Douglass and the Administration, and although his majority this year has diminished from 178 last year, to 39 this, yet it is not saying too much to assert that his manly and open course in that caucus, together with the sympathy which was felt for him as a citizen without any lucrative business, was what elected him.—Mr. Waterman may congratulate himself that he made an excellent run and we think better than any other man could have made against the present incumbent.

As we said above, the result on the whole both in the city and ward elections, is a token of the best omen for the good of the city, and the progress of liberal principles—Well done Racine!—*Racine Advocate.*

Fatal Case of Poisoning.—Night before last, 4 children—three girls and a boy—belonging to Joseph Daubner, who resides in the town of Brockfield, Waukesha Co., near the line of the Railroad, went out into a marsh, near the house, and dug and eat a quantity of wild yarsnip.—They were taken sick directly thereafter, and within four hours the boy, some three years old was a corpse, and two more of them at 10 o'clock A. M., yesterday, were in a dying state. The fourth had recovered. The oldest was 11 year of age. Wild parsnip is very poisonous root, and parents should be careful to caution their children against touching it.—*Free Democrat.*

☞ The new propeller *Sun* was launched from the yard of Messrs. Bidwell & Banta on Saturday last, and went into the water in fine style.—The *Sun* is owned by Messrs. A. R. Cobb & Co., and goes into the "Despatch Line" of Propellers, from Buffalo to Chicago. She is 190 feet long, 28 feet beam, and is about 623 tons burthen. Her engine is from Shepard's Works. She is to be commanded by Capt. Anderson, an experienced and capable officer.—*Buffalo Courier, April 4th.*

The Legislature adjourned the 3d inst., (yesterday.) So far as we are acquainted it is the best act of the whole session. So much for the promise of retrenchment of taxes, a short session and reform. They have killed the prohibitory liquor law and the Anti-Nebraska resolutions, and spent the session on local questions which belong to supervisors; wasted the public money on clerks, agents, and legislatures, and now have gone home; nor will it be any better till our state is redeemed from old Hunkerism.

Auburn.—Various attempts were made in Auburn, last week, to induce citizens to serve as Special Deputies, to aid in the expected arrest of the Fugitive Slave. Fees were offered, and penalties threatened, freely. Six hundred blanks are said to have been printed, to be filled up with the names of the "Specials." But *not one man* could be found, in the whole city, who would accept the degrading office!—*Albany Evening Journal.*

Negro Hung.—About two weeks ago, the overseer of Judge Worthington, at Paint Washington, in Mississippi, was killed by one of his negroes. The murderer fled, but was pursued, caught and lodged in jail at Greenville. On Sunday, the 12th inst., some forty overseers from neighboring plantations, forcibly took him from the jailor, and carried him to Princeton, near the scene of murder, and hung him. The occurrence created great excitement in the neighborhood.

☞ The steamboat *Hindoo*, Capt. Holliday, arrived at our landing on Saturday last, 25th ult., being the first of the season. She brought but little freight, principally iron for Messrs. Lewis & Co.; We understand she took lead to the amount of 2,300 pigs. We have no authority for stating whether she is going to continue in the Potosi and St. Louis trade, for the season, or not.

JUDGE MILLER PRESIDING.

Thursday, April 6, 1854.

Henry D. Waterman vs. George S. Ruble.—Cheeney & Carpenter Pltff's Att'ys. Emmons & Van Dyke Deft's Att'ys. Jury found six cents damages for the Plaintiff.

Morgan L. Candee et al vs John S. Pardee.—Emmons & Van Dyke Plaintiff's Att'ys. Judgment for $362,40.

Samuel Williams vs. James S. Brown et als.—Emmons & Van Dyke Complt's Sol'rs. Brown & Ogden Deft's Sol'rs. Guardian ad litem appointed for infant defendant.

POLICE COURT—April 6.

The Riot Case.—Three men named Edward Boler, James Garry, and Thomas Murray were brought down from jail by Constable Fisher and Kessler to undergo their examination on a charge of riot. One other, named Wm. Hurley had given himself up on hearing that there was a warrant against him, claiming he had not been guilty of any crime. The evidence for the prosecution—there was none for the defense—showed that the defendants in company were going along in the 2d Ward on Chestnut St. Hill, when they commenced throwing stones at a butcher's dog; he remonstrated with them, when they attacked him with stones; one of them took out a knife that was in the waggon and pushing the butcher down held the knife over him threatening to kill him. At this remark of the witness the defendant against whom the statement was made called the witness a—liar, "and—his soul;" at this remark the justice was about to commit the defendant for contempt of court, but the district Attorney remarked he thought it would do no good to the defendant, as he seemed to wish he had the knife now. The defendants were farther shown to have continued on to Pfeifer's brewery and to have attacked the landlord there and one attempted to strike him with a knife. Against the defendant Hurley, the evidence although it connected him with the transaction, was exceedingly slight as to guilt and he was discharged. The evidence was also rather slight against Murray; the main guilt appeared to be on the other two.

They were required to give bail for their appearance at the Circuit Court in the sum of three hundred dollars each. Murray obtained the bail; Garry and Boler were taken to jail by the officers.

Young America.—While the Court was engaged reading the newspaper, a boy about fourteen years of age threw open the door and marched up to the justice with his cap on and said "Mr. Walworth, I want a warrant against —— he's all the time a mussing me round, by G——d, I aint going stand it any longer, I want to get a warrant to have the little "cuss took up," he's a perfect pest, Ill be d-d if he aint the pest of society. The court stated that as no specified crime was charged he declined to issue a warrant and referred the applicant to the District Attorney.

This disciple of Young America is one we overheard in a conversation with the manager of the Marsh Troupe, who wanted some boys to black up and play negro on the stage. To the offer of a quarter for a night's performance, he remarked "d——d if he was going to play "nigger," short of a half" Should this disciple of Young America continue in good health to manhood, he will most likely be in favor of annexation—and the spread of the American Eagle.

Stealing.—A man named Wm. O, Leary was arrested by Nieman, Deputy Marshal and Constable Fisher on a charge of stealing a Rifle of the value of eleven dollars, the property of Joseph Schweitzen. The defendant was sent up till 2 o'clock in the afternoon.

The defendant was brought down from jail in the afternoon. When called on to plead, he said "I am innocent; I bought that gun in 48, 6 years ago, in St. Louis. The complainant, when sworn, stated that he was the owner of the rifle—and had owned it about six weeks—that he lost it from his door about 8 days ago. Deft, "I came here last Friday from Watertown"—*Witness,* I 'm sure its mine. *Deft*—"I'm sure its mine."—*Witness*—I knew the gun by some scratches on the stock, that my boy made. Deft claimed that the scratches, were made in going through the prickly ash. Another witness was called, who swore that he had owned the gun, and had traded it to the complainant for a stove. A boy in employ of complainant stated that he made the scratches on the gun by letting it fall. The District Attorney asked defendant if he had any questions to put to the witnesses. *Witness.*—"Not with that kind of swearing; they swear the rifle is theirs, and I swear its mine, and I can swear as hard as them, I bought the gun in St. Louis in 46, I put that mark on the ram-rod." On examining the ram-rod no mark was there.

The Court stated the finding would have to be guilty, and the defendant would be sentenced to the county jail for four months.

Deft. That's hard; fine me and I'll pay it.—Court. I can't very well do that in this case."—Deft. "That will spoil my summer's work, and my farm 'll go to loss."

The officer informs us that the defendant had left the gun with a landlord where he had staid a few days, as security for a board bill; and on the landlord refusing to let him have it, obtained a writ of replevin to get it. By the writ of replevin the officer who was looking for the stolen property found the rifle and arrested the defendant.

Horticultural Review.—We received some time ago the March number of this new Review, and, distrusting our own judgment, handed it over to Mr. Gifford, the President of the Mil. Hort. Society for an opinion of its merits. The following note has been sent us by Mr. G.:

Spring Street, March 24, '53.

Dear Sir:—When you asked me for an opinion concerning the *Horticultural Review* you handed me, I intended you should have received it before this. The Review is well edited, and contains a variety of well written articles, on subjects interesting to Horticulturists. Those on the "Vineyard Culture of the Grape" and "The Osage Orange as a Hedge Plant," are particularly worthy of attention. The "Botanical Department"—embracing notices of new plants and hints on the culture of those from the woods and fields—is a distinct and pleasing feature of the Review. Those who wish a Magazine somewhat less specific in its character than the "Horticulturist," or "Hovey's," will probably be well suited with this. Certes every grower of fruits and flowers should subscribe for one or the other.

Yours truly, CHARLES GIFFORD.

The Garden City.—It is understood that this fine boat is to ply between ports on this lake and Sault St. Marie during the present season, forming with the *Baltic*, a semi-weekly line.

An Important Request.

Mr. Editor:—The undersigned Street Commissioners of the Third Ward, understanding that there is a general desire amongst the Property owners on East Water street, to have the street improved, by Planking or Paving, request that a meeting be convened as soon as possible, of all owners, agents, or others concerned, and that resolutions of instruction, be there passed advising Street Commissioners what they think would be proper to do for the general good, commencing at Wisconsin street, and terminating at Walker's Point Bridge.

Dated April 6th, 1854.

John Coughlin.
James Reed.

The Street Sprinkler.—Yesterday clouds of dust blew about in East Water Street,—filling the eyes, nose and mouth—tickling the bronchial tubes—destroying the lungs—preventing the people from following their honest *callings.* The ladies wished the streets were watered—the merchants and pedestrians hoped for a shower of rain, and the little matchboy, unable to bawl "matches!" exclaims, "mine got, vere ish de sprinkler?" We say, also where is the sprinkler to lay the dust? It is time it was put in operation.

Real Estate Sales.—Lot 4, Block 196, in the First Ward, was sold yesterday by J. H. Crampton, Esq., for $3000. Mr. Crampton, by the way, as may be seen by his advertisement in this morning's *Sentinel,* has a good deal of Valuable Real Estate for sale, whic he will dispose of on reasonable terms. Great bargains are to be made in this line within the next twelvemonth.

New Publications.—We have received a supply of new books from Messrs. Arnold & Wilson, whose stock of timely reading has just been reinforced, and we shall try to notice the books in a day or two.

Cricketers ahoy!—Are we going to have any cricket this season? The weather is now suitable. When will the wickets be pitched? When shall we have the first game played?

Shooting Matches.—We understand that several shooting matches will take place this summer, from traps &c., by the shooting club; we shall publish the results of all—when shot.

Common Council.—At a meeting last evening, the Harbor Committee reported plans and specifications and recommended the extension of the time for receiving proposals to the 1st of May, which was adopted.

Finance Committee reported in favor of a salary of $300 for the Chief Engineer; adopted unanimously.

The late gale.—Several vessels ashore.

The gale on Monday last proved much more disastrous to the shipping on this lake than we had supposed. We learn that no less than eight vessels are reported ashore on the other side of the lake, and fears are entertained that some other vessels, not yet heard from, that were known to be out, are in a like situation. The following are the vessels reported ashore:

Schr. Main.
" Rocky Mountain.
" Honest John.
" Traveler.
" Baltic.
" Henry Clay.
" Sam Hale.*
" Elbe.

The Insurance Companies which had risks on the above vessels were very active yesterday in making arrangements for getting them afloat again. A quantity of material and several hands will go over to-morrow in the Pacific for this purpose. We are glad to state that no loss of life is reported in connection with the above disasters.—*Chicago Dem. Press,* Ap. 6.

*The above account is incorrect, so far as the *Sam Hale* is concerned. She is safe in port, here; and has not yet been out this season. The *Traveler* is the only vessel belonging to this port, reported ashore.

Sailed—The schooner Leland, Capt. Hubbard, sailed yesterday for Buffalo, with a full cargo of corn. She was preceded the day before by the brig Caroline, Capt. Chase, also for Buffalo. The brig Roscius, Capt. Hawkins, and the barque E. B. Morgan, Capt. Hurlbut, downward bound, were preparing to leave yesterday afternoon.—*Chicago Tribune,* Ap. 6.

The Propeller Clifton which was cleared to start for Thunder Bay and the ports along Lake Huron this morning has concluded not to go out till some more favorable intelligence is received. A letter from Port Huron states the ice is crowded into the lower part of the lake in large quantities. This would be the effect of the northeast winds which prevailed during the latter part of last week. Yesterday, however, a strong southwest wind was blowing all day, which would have the effect of clearing the ice out of the southern part of Lake Huron, and also out of Saginaw Bay.—*Detroit Advertiser, April 5th.*

Good Everywhere.—Dr. A. L. Adams' Liver Balsam is as good in one climate as in any other. It has been thoroughly tested in all varieties of climate, as well as for all varieties of diseases in the United States. It has meritedly secured a wide patronage and most unqualified recommendations from all directions.

It is sure, if taken according to directions, judiciously, to fulfil its mission, viz. health to the sick in all lands.—This the hoping patient can safely rely upon. Will you suffer, my afflicted reader, a disease which is now undermining your constitution, destroying the main springs of your life while you have a remedy at your door, which will be effectual in producing a redemption and saving you from a premature death?

Then we ask, had you not better commence at an early period of time to extirpate your disease in its first stage? This will be the most reasonable method for you to take and in so doing get Dr. A. L. Adams' Liver Balsam—take it and you will rejoice in the free and full enjoyment of good health.

☞ See Advertisement in this paper.

People of America!

Thousands of you have suffered for long years with Rheumatic Pains, Ulcerous Sores, Swelled Legs, Piles, and many other complaints, that all the remedies you have tried have failed to cure, and your physicians have pronounced incurable—*you need suffer no longer!*

A remedy is discovered and placed within the reach of all, that will cure all these complaints and make you young again. Dance with joy—for you shall be healed. This great remedy is the

Mexican Mustang Liniment!

Important and extraordinary cures are daily reported to us as having been performed by the use of this Liniment, and none who use it are disappointed in its effects.

See advertisement in another column.

☞ The best evidence that can be adduced in favor of the efficaciousness of Hoofland's German Bitters, prepared by Dr. C. M. Jackson is the unprecedented demand for them from all parts of the Union; and although there may be many compounds prepared and represented as being worthy of a liberal patronage, yet we feel constrained to remark that the vast number of testimonials with which the worthy doctor has been honored, by persons of the highest character and respectability, who found it necessary to have course to his preparation, is testimony sufficiently conclusive, that a more effectual remedy for the almost immediate relief of those afflicted with that direful malady, dyspepsia, has never been discovered.

A Wonderful Discovery has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists' throughout the country.—*New York Dutchman, Jan. 14th.*

To Real Estate Agents and others.

THE SUBSCRIBER, desirous of settling in Milwaukee, offers to exchange or sell his Real Estate for Property in this City, or Farms in this State. Said Estate is situated in Ann Arbor, County Seat of Washtenaw County, Mich., 38 miles west of Detroit, on the Michigan Central R. R., and well known as the handsomest and healthiest city on the line. Its population is about 6,000, and it is the most pleasant and thriving business City in the State, being the site of the Michigan University, Medical College and Observatory, which receive every year over 1,000 Students from every part of the Union. Its Water Privileges and surrounding Farming Country are second to none in the State.

The property offered is a New Block of Four Brick Stores, Stuccoed and Finished throughout, known as the Buchoz Block, and will in a short time be the best business part of the City. Adjoining said Block is a Fashionable Brick Dwelling House, finished for my private use, at a cost of about $5,000. Also a well-stocked Lumber Yard, and a Hardware Store, doing now a first rate business. This is a chance seldom met with, for a person wishing to engage in the trade. I will sell with or without said Stock of Goods. Take the Property together, it is the best and safest investment in the city.

Also several good Improved Farms, near Ann Arbor. Also Two First Rate New Billiard Tables, to exchange for Milwaukee Property.

For further particulars inquire of A. B. VAN COTT, Watch Maker, Milwaukee, or direct to me at Ann Arbor, Michigan. Title Perfect.

THE BUFFALO EAGLE IRON WORKS CO.

Propose to pay Particular attention to

Architectural Iron Work.

WE are prepared to Manufacture IRON FRONTS for Stores and Public Buildings, with the

Patent Fire Proof Rolling Shutters.

These Shutters are the same that are now so generally used in New York, and may be put in any Window, Small or Large, and if arranged before erection of the building, may be used without in the least affecting the style of Architecture. They make the only perfect Fire Proof Shutters, and do not appear to the eye when rolled up.

When desired we will furnish the Plan for Store Fronts, (with or without the Patent Shutter,) with estimate for the Cost of the work finished ready for delivery. To our Western friends we think this arrangement will be desirable, for they thus are enabled to know without experiment what the Front is to be, and what it is to cost.

When the Patent Shutters are used we will furnish a man to superintend the erection of the Iron Front and the setting of the Shutter.

A method of preparation has recently been discovered which enables the Company to warrant their Paints to keep fresh and soft in the kegs for any reasonable time. In this respect their Paints will be superior to any other on the market.

Their BROWN ZINC PAINT, which is sold at a low price, is now well known for its protective qualities, when applied to iron or other Metallic surfaces.

Their STONE COLOR PAINT possesses all the properties of the Brown, and is of an agreable color for Painting Cottages, Depots, Out Buildings, Bridges, &c.

Their Paints, which are sold Dry or Ground in Oil, are warranted pure, and put up in Kegs of 25, 50, 100 and 200 lbs., to be used precisely like White Lead.

NEW AND IMPROVED SEWING MACHINES.

THE AMERICAN

Magnetic Swing Machine Co.,

NOW OFFER FOR SALE AT THEIR ROOMS

397 Broadway, N. Y.,

By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.

It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar information of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—

1st. It is extremely simple in its construction, and in no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc., can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co., Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease

FIVE HUNDRED STITCHES PER MINUTE!

PATENT MEDICINES

AYER'S

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest enquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigation and care. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL.—This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. If there is any dependance to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians, who make it their business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas—in Europe, Asia Africa, Australia and the far off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No soil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing hat much has been done already.

DR. URBAN'S ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant it*, in all cases, if taken according to directions. It destroys the desre for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixer is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixer; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best altertive known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.
URBAN & DIDLAKE, 35 Third Street, Louisville, Ky.

Dr. Urban's Vegetable Fever and AGUE POWDERS

The only sure remedy ever [illegible] for Chills and Fever, are warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers' Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

PATENT MEDICINES.

LIVER COMPLAINT.

JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS, AND all diseases arising from a Disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head, DEFICIENCY OF PERSPIRATION, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,
120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 2

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the same induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.—This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

"Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

For sale, wholesale and retail at THE GERMAN MEDICINE STORE, No. 120 Arch street, one door below Sixth, Philadelphia, and by respectable dealers generally throughout the country.

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS,
CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair.

WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray.

WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had [illegible] twenty years ago.

I commenced using the Resto[rative] [illegible] weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the [illegible] hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed.

Yours, very respectfully,

N. R. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live.

S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Sall county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.

Very respectfully yours, R. THORN.

Great New England Remedy

FOR

Coughs, Colds and all Lung Complaints!!

HUNTER'S CELEBRATED
Pulmonary Balsam or Cough Syrup,
PREPARED BY
CURTIS & PERKINS, DRUGGISTS,
BANGOR, MAINE.

Proof Positive—Skeptics Read—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

BENJAMIN L. POMEROY.

The Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dyspepsia.—They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties with regularity.

MRS. WINSLOW TO THE LADIES.

Mrs. Winslow, an old and experienced nurse and Female Physician, would call the attention of the Ladies to her Soothing Syrup for Children teething. Depend upon it, Mothers, it will give rest to yourselves and relief and health to your children.

Price 25 cents per bottle.

We have sold very large quantities of Mrs. Winslow's Soothing Syrup, during the past six years, over 20,000 bottles the last year. We believe it the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhea in Children whether it arises from teething or any other cause. It gives universal satisfaction—never heard a complaint from any one using it.—never sold a medicine so universally successful in relieving pain and effecting cures. In all cases above stated if taken in season relief is *immediate* and *absolutely certain.*

Evidence of the most wonderful cures ever performed by any medicine are in circulars in the hands of Agents. You may be *positively sure of relief* if you *use it. HENRY'S INVIGORATING CORDIAL,

PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Flour Albus or Whites or for

DEBILITY

arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existance of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

☞ Sold for $2 per Bottle; Six for $8; $16 per dozen. Prepared only by S. E. COHEN, No. 3 Franklin Row, Vine Street, below Eighth, Philadelphia, Pa., TO WHOM ALL ORDERS MUST BE ADDRESSED. For Sale by all respectable Druggists and Merchants throughout the country. oct24-lyd&w.

PROSPECTUS OF

Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. APPLETON & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double columns, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

PATENT MEDICINES.

DOCTOR D'S Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have [illegible] need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-dlyr

Persons afflicted with ulcers upon the body, throat or legs, pains in the head or bones, mercurial rheumatism, strictures, gravel, disease arising from youthful excesses or impurities of the blood, whereby the constitution has become enfeebled, are all treated with success.

He who places himself under the care of Dr. K., may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Young men who have injured themselves by a certain practice indulged in—a habit frequently learned from evil companions or at school; the effects of which are nightly felt, even when asleep, and destroy both mind and body, should apply immediately. Weakness and constitutional debility, loss of muscular energy, physical lassitude and general prostration, irritable and all nervous affections, indigestion, sluggishness of the liver, and every disease in any way connected with the disorder of the procreative functions cured, and full vigor restored.

"Every Family should have a Copy."

6000 COPIES sold in less than three months! A new edition, revised and improved, just issued.

DR. HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above disease, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar: will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July, 27, 1852.

This is to certify, that on the 22d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. Mc CLURE & CO.
ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiorty of Davidson's Safes over all others.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.

Raymond, Ward Co. will receive orders for Davidsons Fire and Thief Proof Bank and Vault Doors. de18

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.
